

Save money and energy with **COOL SMART!**

Beat the heat and COOL SMART!

Your home is a big investment! You deserve the comfort and security of knowing that your home's air conditioning system is energy efficient. Let the COOL SMART Program help you be smart and stay cool.

- **\$300 rebate for a new ENERGY STAR® qualified central air conditioning system**
- **\$100 off the cost of a COOL SMART digital checkup for your existing system**

To be eligible for COOL SMART rebates, central air conditioning or air-to-air heat pump equipment must be ENERGY STAR® qualified and have a seasonal energy efficiency ratio (SEER) of 14 or higher and a minimum energy efficiency ratio (EER) of 11.5.
